MISSION STATEMENT

The mission of the Department of Fish and Game (DFG) is to manage California's diverse fish, wildlife, and plant resources, and the habitats upon which they depend, for their ecological values and for their use and enjoyment by the public.

INTRODUCTION

“The protection and conservation of the fish and wildlife resources of this state are hereby declared to be of utmost public interest. Fish and wildlife are the property of the people and provide a major contribution to the economy of the state as well as providing a significant part of the people's food supply and therefore their conservation is a proper responsibility of the state.” (*FGC §1600*)

Persons dealing in seafood are required to be licensed and maintain accurate accounting records and issue fish landing receipts. This booklet is intended to provide **a guideline** of license requirements. **Please review the information carefully to determine your licensing obligations and legal responsibilities.**

The following license, record, and inspection information is from the Fish and Game Code and California Code of Regulations, Title 14, and applies to businesses that accept seafood or seafood products. **The information contained herein is not a complete summary of all laws and regulations pertaining to the seafood industry. For actual language refer to the excerpts from the Fish and Game Code or Title 14, California Code of Regulations.** If you need additional information regarding commercial fish business licensing, please contact one of the DFG offices listed inside the front cover of this booklet.

Since the codes may be amended at any time, it is the reader's responsibility to be knowledgeable of, and abide by, all laws and regulations in effect at the time he/she participates in any commercial fish business activity. Changes to either code may occur at any time during the year. Any discrepancies between this document and the code(s) from which it was prepared will be enforced and adjudicated according to the official code(s) in effect on the date the activity takes place.

State and County Departments of Agriculture should be contacted regarding weighmaster requirements.

APPLICATIONS

Pursuant to FGC §§8030-8050, the DFG is authorized to collect information from commercial fish business license applicants to maintain a record of licensure. All information requested on the application is mandatory unless otherwise indicated and is confidential pursuant to FGC§8022. Information submitted on the application may be released for law enforcement purposes, pursuant to court order, or for official natural resources management purposes.

An applicant may obtain a copy of his/her license records maintained by the DFG by contacting the custodian of records at the DFG, License and Revenue Branch, 3211 S Street, Sacramento, CA 95816, (916) 227-2232, www.dfg.ca.gov/licensing. All requests for copies of license records must be submitted in writing and include the requester's name, address and telephone number.

Preprinted renewal applications are mailed to commercial fish businesses licensed with the DFG during the previous license year. Applications for commercial fish businesses are available from all DFG offices listed on the inside front cover. Please read the instructions before submitting applications and fees. Incomplete applications will be returned and could delay the issuance of your license or permit. The street address of the main plant and the number of plants, outlets or fish receiving stations operating under the license must be printed on the Commercial Fish Business License Application, Form FG 317. **Applications listing PO Box numbers in place of a physical address of the business or plant will be returned.**

ADDITIONAL COMMERCIAL FISH BUSINESS PLANT LOCATIONS

FGC §8037, requires licensees to maintain a copy of the commercial fish business license at each of their plants, facilities, or other places of business. (Companies that are operating under different Federal Tax Identification Numbers than listed plants, facilities or other places of business must obtain separate commercial fish business licenses). Commercial fish businesses that list multiple plants, outlets or receiving stations on the license application, may be

required to provide proof that these facilities are operated under the same Federal Tax Identification Number as the primary business for which the license was issued.

Every commercial fish business reporting additional plant locations must complete the Declaration of Additional Commercial Fish Business Plant Locations, Form FG 317A.

PAYMENT POLICY

Personal Checks

Personal checks will be accepted by the DFG if name, address and telephone number is imprinted on the check. Checks returned to the DFG due to insufficient funds will render your license or permit invalid. The DFG may also deny the issuance or renewal of any commercial license or permit if a person has failed to reimburse the DFG for the amount due plus an additional processing fee of \$40. Any commercial activity performed without a valid license or permit is a violation of the Fish and Game Code and therefore subject to enforcement action.

Credit Cards

Licenses, permits, tags, stamps or registrations may be purchased with a Visa or Mastercard.

REFUND POLICY

Refunds will not be issued for commercial fish business licenses or permits. Licenses or permits are considered valid from January 1 through December 31 or, if issued after the beginning of that term, for the remainder thereof.

DUPLICATE LICENSES AND PERMITS

To replace a lost or destroyed license or permit the licensee must:

- submit a signed affidavit stating that the license or permit has been lost or destroyed; and
- pay a \$5 fee per document. Affidavits may be obtained and filed at any Department office listed on the inside front cover.

License records will be verified by the Department's License and Revenue Branch in Sacramento or the office where the license or permit was issued as having been issued the original license or permit. Requests for replacement licenses received by mail will be issued within approximately 15 days of receipt by the Department. If no record of the license or permit is found at a Department office, then the applicant must complete an affidavit and pay the full license fee.

TRANSFER OF LICENSES AND PERMITS

Pursuant to FGC §1052, it is unlawful to transfer any commercial fish business license or permit. If the ownership of a business is transferred, the new owner **MUST** obtain a new commercial fish business license(s) and pay the appropriate license fee(s).

All fish landing receipt books that were assigned to the previous owner must be returned to the DFG's Marine Fisheries Statistical Unit in Los Alamitos.

SOCIAL SECURITY NUMBER REQUIREMENT

Disclosure of your Social Security Number (SSN) is mandatory. Section 30 of the Business and Professions Code and Public Law 94-455 (42 USCA 405 (c) (2) (C)) authorizes collection of your SSN. Your SSN will be used for tax enforcement purposes and/or for purposes of compliance with any judgment or order for family support in accordance with Section 17520 of the Family Code. If you fail to disclose your SSN, you will be reported to the Franchise Tax Board, which may assess a \$100 penalty against you.

TEMPORARY LICENSES

Temporary licenses are required for parents in violation of Child Support Payments. The DFG will issue a temporary license to any applicant who is renewing a commercial fish business license or permit and is more than 30 days in arrears on court-ordered child support payments.

A temporary license will be valid for 150 days from the date of issuance. Only one temporary license can be issued to any person during each licensing period. License fees paid for a temporary license cannot be refunded by the DFG if an individual is denied a permanent license.

Temporary licenses are issued from any DFG office that issues Commercial Fish Business licenses.

COMMERCIAL FISH BUSINESS LICENSE REQUIREMENTS

FGC §8030, with certain exceptions, requires any person who engages in any business for profit involving fish to obtain a commercial fish business license. A commercial fish business

A Fisherman's Retail License can only be issued to an individual. This license can not be issued, or used by, a corporation, partnership, or husband and wife. The licensee must also possess a valid Commercial Fishing License before a Fisherman's Retail License can be issued.

Exception: A commercial fisherman who is also licensed as a fish receiver is not required to obtain this license if he/she also sells his/her catch to ultimate consumers. Any commercial fisherman who sells fish only for the marine aquaria pet trade or for research purposes is not required to obtain this license.

A commercial fisherman issued a Fisherman's Retail License may only use transportation receipts while transporting his or her own catch to a licensed receiver.

landing receipts (FGC§ 8043). Persons that terminate their business(s) are required to immediately return any unused inventory of fish landing receipts to the DFG's Marine Fisheries Statistical Unit.

- To ensure that all fish landed in California under the authority of a Commercial Fishing License (FGC§ 7850) are documented, a fish landing receipt must be completed and submitted to the DFG. The original signed copy of the fish landing receipt is to be submitted to the DFG on or before the 16th or the last day of the month in which the fish are landed whichever date occurs first.
- The landing receipt book includes four copies, one for the fisherman, one for the DFG and two for the Retailer/Dealer. One of the two copies for the Retailer/Dealer can be used as an authorized agent copy (FGC§ 8046).
- Persons licensed as Multifunction Commercial Fish Businesses or Fish Receivers must complete a fish landing receipt for **ALL** fish purchased or received from licensed California commercial fishermen.
- Commercial fishermen **MUST** complete a fish landing receipt when fish are first brought ashore, unless the fish are sold to a person licensed to receive fish. A fisherman may use a transportation receipt to transport the catch to the fish business. In addition, commercial fishermen that have a Fisherman's Retail License that offload their catch prior to sales to the ultimate consumer must fill out a fish landing receipt at the time the fish are brought ashore. The tally sheet is to be used only when fish are being sold from the vessel to the ultimate consumer.

- Commercial fishermen licensed as a Multifunction Commercial Fish Business or Fish Receiver may sell their catch to anyone.
- Anchovy, mackerel, or squid for cannery use shall be unloaded only at a Bureau of Weights and Measures approved device operated by a licensed public weigh master. A fish weight receipt shall be issued to the fisherman immediately upon unloading (FGC §§ 7702.1, 8043-8046).

Fish landing receipt books can be obtained from the DFG's Marine Fisheries Statistical Unit.

FISH TRANSPORTATION RECEIPTS

Commercial fishermen who are **NOT** licensed as a Fish Receiver may transport or cause their fish to be transported to a licensed Fish Receiver under the authority of a fish transportation receipt. The accurate weight and common name of each species must be listed on the transportation receipt.

Fish transportation receipt books are available from all DFG offices listed on the inside front cover.

Exception: Persons licensed as Fish Receivers are NOT authorized to use fish transportation receipts.

- Any person who sells his or her fish to a licensed receiver may use a fish transportation receipt to transport those fish only to that licensed receiver. The receiver shall complete a fish landing receipt for those fish.

- A person who sells his or her fish to the ultimate consumer shall complete a fish landing receipt.
- Fish transportation receipts must be completed at the time the fish are transferred from the fishing vessel.
- Every commercial fisherman or his or her designee, who transports, causes to be transported, or delivers to another person for transportation, any fish, except herring, taken from the waters of this state or brought into this state in fresh condition, must fill out a fish transportation receipt according to the instructions and on forms provided by the DFG at the time the fish are brought.
- The original signed copy of the fish transportation receipt must be delivered by the commercial fisherman to the DFG on or before the 16th day or the last day of the month in which the fish were landed, whichever date occurs first after landing. A copy of the fish transportation receipt must be retained by the commercial fisherman who filled it out for a period of four years and must be available for inspection at any time within that period by the DFG. A copy of the fish transportation receipt must be given to and retained by the person transporting the fish until the fish are sold fresh, processed, or otherwise disposed of.
- A fish transportation receipt is required only for transit purposes.
- Any person transporting fish from the point of first landing under a fish transportation receipt is not required to be licensed to conduct the activities of a fish receiver.
- Fish transportation receipt book must be issued to an individual fisherman and is not transferable.

- The numbered transportation receipt forms in each individual transportation receipt book must be completed sequentially. A voided fish transportation receipt must have the word “VOID” plainly and noticeably written on the face of the receipt. A voided fish transportation receipt must be submitted to the department in the same manner as a completed fish transportation receipt is submitted to the department.
- A commercial fisherman who is no longer conducting business as a licensed fisherman must forward all unused transportation receipts and transportation receipt books to the DFG immediately upon terminating his or her business activity.

FISH LANDING TAXES

Every person required to be licensed to receive fish from commercial fishermen and, commercial fishermen licensed as a Fisherman’s Retailer, must submit a Quarterly Fish Landing Tax Report (Form FG 143), to the DFG. Tax report forms are available from the DFG’s Audits Branch.

- Fish landing taxes are based on the weight and species of fish to be documented on fish landing receipts.
- Landing taxes imposed shall be paid quarterly to the DFG within 30 days after the close of each quarter.
- If any landing tax is not paid within 30 days after the close of the quarter for which it is due, the DFG shall collect amounts owing under the procedures prescribed for sales and use taxes provided in Chapter 5 (commencing with Section 6451) and Chapter 6 (commencing with Section 6701) of Part 1 of Division 2 of the Revenue and Taxation

Code, insofar as they may be applicable, and for those purposes, “board” means the department and “the date on which the tax became due and payable” means that date 30 days after the close of the quarter for which it is due.

- Commercial fishermen that sell their catch under the authority of a Fisherman’s Retail License are required to report and remit fish landing taxes.

Exception: Persons licensed as Marine Aquaria Receivers are not required to pay fish landing taxes.

Although the DFG attempts to send a Fish Landing Tax Report to all persons licensed as Fish Receiver’s, Multifunction Commercial Fish Businesses, and Fisherman’s Retailers it is the ultimate responsibility of the taxpayer to obtain and submit a tax report form on a quarterly basis.

EXCERPTS FROM THE FISH AND GAME CODE AND TITLE 14, CALIFORNIA CODE OF REGULATIONS

A complete copy of the Fish and Game Code, and Title 14, California Code of Regulations are available at www.dfg.ca.gov/title/contents.html, and www.leginfo.ca.gov/calaw.

The following excerpts from the Fish and Game Code and/or the California Code of Regulations, Title 14, provide essential information; but do not provide a complete summary of all commercial fishing laws and regulations. It is the licensee’s responsibility to know and obey all laws and regulations in effect while engaged in commercial fishing activities. Changes to either code may occur at any time during the year.
